The diagram illustrates a function call. A grey rectangular box on the left contains the text 'cl\_nav2z::backward' followed by a line break, then '\_global\_planner::BackwardGlobal' followed by another line break, and finally 'Planner::createDefaultBackwardPath'. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box on the right containing the text 'cl\_nav2z::makePureSpinning' followed by a line break, and 'SubPlan'. The bottom arrow points to another white rectangular box on the right containing the text 'cl\_nav2z::makePureStraight' followed by a line break, and 'SubPlan'.
