

```
boost::statechart::  
event< EvTransitionOnDeactivate  
Error< TSourceObject, TOrthogonal > >
```

The diagram illustrates an inheritance relationship. A light blue box at the top represents the base class, and a darker blue box at the bottom represents the derived class. A light blue arrow points from the derived class box up to the base class box, indicating that the derived class inherits from the base class.

```
cl_lifecyclenode::EvTransition  
OnDeactivateError< TSourceObject,  
TOrthogonal >
```
