The diagram illustrates a dependency or configuration relationship. On the left, there are two rectangular boxes. The top box contains the text 'sm\_single\_ur5\_sim\_gazebo\_sim.launch\_setup'. The bottom box contains the text 'ur\_moveit.launch\_setup'. On the right, there is a single rectangular box with a light gray background, containing the text 'sm\_single\_ur5\_sim\_gazebo\_sim.load\_yaml'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box, indicating that both launch setup files are used to load the configuration from the 'load\_yaml' file.
