The diagram illustrates a mapping from two source functions to a single target function. On the left, there are two white rectangular boxes. The top box contains the text 'cl_lifecyclenode::CbDeactivate::onEntry'. The bottom box contains the text 'cl_lifecyclenode::CbDeactivateOnExit::onExit'. On the right, there is a gray rectangular box containing the text 'cl_lifecyclenode::ClLifecycleNode::deactivate'. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both source functions map to the target function.
